Having  
Fun and  
Being  
Safe

Inside this book you'll find a whole range of exciting science experiments that can be performed safely at home. Nearly all the equipment you need will be found around your own house. Anything that you don't have at home should be available at a local store.

We have given some recommendations alongside the instructions to let you know when adult help might be needed. However, the degree of adult supervision will vary, depending on the age of the reader and the experiment. We would recommend close adult supervision for any experiment involving cooking equipment, sharp implements, electrical equipment, or batteries.

The author and publisher cannot take responsibility for any injury, damage, or mess that might occur as a result of attempting the experiments in this book. Always tell an adult before you perform any experiments, and follow the instructions carefully.

# Contents

Lava Lamp .....	4
Citrus Candle .....	6
The Burning Rope Trick .....	8
Heavy Weather.....	11
The Pushy Candle .....	14
Getting Fizzy-cal .....	16
Paper That Won't Budge.....	18
The Carbon Dragon .....	20
Vinegar Rocket.....	22
Plastic Milk?.....	24
Stepping on Eggshells.....	26
Water from the Sun.....	28
Glossary & Further Information .....	31
Index .....	32

## A note about measurements

Measurements are given in U.S. form with metric conversion in parentheses. The metric conversion is rounded to make it easier to measure.

Have you ever made something just disappear, or conjured something out of nothing? You might manage both of these tricks with these experiments!
