

# *Acknowledgments*

I wish to acknowledge and thank the following persons who helped me in bringing this book to completion: **Dr R. Sivabalan**, an experienced researcher in the field of synthesis of explosives for having agreed to edit this book, **Dr H. S. Yadav**, retired scientist from HEMRL, Pune, for his inputs regarding the discussion on detonics and shockwaves, **Dr Harries Muthurajan** and **Ms Marine** for the technical support in typing and formatting the original manuscript, **Mr Vijay Venugopalan**, my son, for all the help and support he has given me to complete the book, and also the **scientists and staff of HEMRL, Pune**, who spurred me to write this book.

I am grateful to **Prof. Vladimir Zarko**, Head of the Institute of Chemical Kinetics, Novosibirsk, Russian Academy of Sciences, Russia, **Dr David Chavez**, Los Alamos National Laboratory, USA, and **Dr M. B. Talawar**, HEMRL, Pune, India, for their review of the book followed by constructive suggestions.

**S. Venugopalan**
